

Infusion Faucet

QUICK START GUIDE

- 1.** Untap the product. If you have our cocktail panel, turn the switch on the panel to the “OFF” position.
- 2.** Open the faucet to relieve the pressure in the line.
- 3.** Remove the existing faucet using a spanner wrench.
- 4.** Install the Infusion Faucet using a spanner wrench.
- 5.** Remove the lid and add infusables.
- 6.** Make sure the switch on the bottom of the faucet is closed and retap the product. If you have our cocktail panel, turn the switch on the panel to the “DISPENSE” position.
- 7.** Enjoy infused beverages!

**MAKING IT POUR
FOR OVER 30 YEARS**
